

# AUCH

ASSOCIATION FOR UTAH COMMUNITY HEALTH

## INTERN IN COMMUNITY HEALTH

Make a difference in your community. Build real-world skills. Join a mission-driven team.

### WHAT IS A COMMUNITY HEALTH CENTER?

Community Health Centers (CHCs) provide accessible, whole-person, integrated care to individuals and families. CHC clinics are located across the state of Utah, offering practicum opportunities in urban, rural, and frontier communities. At a CHC, you'll be part of a setting that values:

- Access to care regardless of ability to pay
- Whole-person care
- Compassionate services
- Team-based, collaborative practice

### WHAT WILL YOU DO?

Community health is fast-paced, flexible, and deeply meaningful. As an MSW intern, you won't just observe, you'll be an active member of the care team, working alongside medical providers to address behavioral health needs. Behavioral health integration reduces barriers to care by bringing mental health services directly into primary care, expanding access for all populations. Internship experiences may include:

- Conducting behavioral health screenings and brief assessments
- Providing short-term, evidence-informed interventions
- Participating in traditional clinical encounters
- Supporting care coordination and warm handoffs
- Collaborating with medical providers and clinic staff
- Engaging in team huddles and clinical consultations
- Developing clinical documentation skills using an electronic health record (EHR)
- Working with uninsured or underinsured populations
- Gaining insight into how policy, access and community impact health

*\*This MSW internship is part of an AmeriCorps term of service, which includes additional reporting requirements, meetings, and trainings.*

### WHY INTERN IN COMMUNITY HEALTH

This placement offers both professional growth and financial support:

- Living stipend (paid twice monthly; total \$8,100)
- Eli Segal Education Award upon completion (\$1,900)
- Monthly continuing education in clinical and professional skills

### IS THIS A GOOD FIT FOR YOU?

This placement is a great match if you are:

- Passionate about health access
- Curious, adaptable, and open to learning
- Interested in integrated or medical social work
- Looking for hands-on, meaningful experience
